

# CMMC SIMPLIFIED

Stay Audit-Ready. Stay Secure.  
Stay Aligned.

## One Platform. Total Compliance.

From policy to proof in a single dashboard.

**GUARDIENT® Covers 83 / 110 NIST 800-171 Security Controls**

Achieve CMMC LvL 1 or 2 Readiness in as little as **90 Days**.

**Problem:** SMBs face growing compliance mandates but struggle with spreadsheets, consultants, and disjointed tools.

**Solution:** Guardient X3 provides continuous security + compliance in one package. You don't just prepare for an audit you stay audit-ready year-round, with XDR, SOCaaS, and GRC all working in sync.

**DoD Contractor Success:** A manufacturer achieved CMMC gap closure in 60 days using Compliance Command's hardening templates, artifact automation, and dashboards.

**System Hardening & Drift Alerts:** Keep configurations locked in a secure state

**Expert Access:** On-demand support from compliance specialists

**Artifact Gathering:** Automatically collect and organize compliance evidence

**Policy Templates:** 14+ ready-to-deploy frameworks mapped to major standards.
